

High School to College Mathematics Pathways

Preparing Students for the Future

May 5–7, 2019

Hyatt Regency, Reston, VA

CBMS National Forums

National Math Panel Forum, 2008

The Content and Assessment of School Mathematics, 2009

Content-Based Professional Development for Teachers of Mathematics, 2010

Teaching Teachers in the Era of the Common Core, 2011

The First Two Years of College Math: Building Student Success, 2014

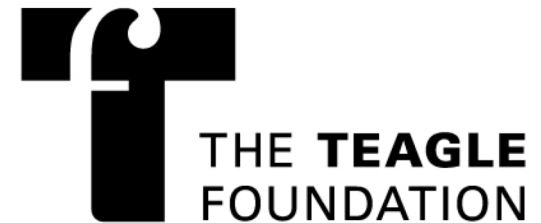

Our Goal:

To help state leadership teams ***draw on the expertise*** of the CBMS societies and the Dana Center to ***form task forces*** working to ***coordinate efforts across grades 11-14*** that will lead states to ***create policies and practices*** for mathematics instruction that contribute to ***successful completion without reducing quality.***
